

## Shaping Workplaces Together

Afroteq Asset Management is a well-established property and infrastructure solutions provider. We offer comprehensive services to help companies manage their assets more effectively, including asset registration and verification, asset valuation, facility condition assessment, life cycle costing and maintenance planning.

Our Asset Register and Verification service and other services can significantly enhance an organisation's operational efficiency, reduce costs and boost the overall value of its assets.

### **Our Asset Management Services include the following:**

- Fixed and movable asset management
- Asset Tagging
- Asset verification and asset register compilation
- Condition assessments, both intrusive and non-intrusive
- Life cycle management plans
- Maintenance management plans
- Facilities management support
- Facilities management software providing a start to end solution

### **Customised Professional Solutions in the Built Environment Sector**
