2-hour

**Complimentary
Session**

**Strategic Advisory
Needs Assessment**

We are certified with ISO14001:2015 and ISO45001:2018.

Afroteq OHSE is an appointed Construction Health & Safety Agent (Pr.CHSA) in terms of the provisions of the Construction Regulations and the requirements of the statutory body for the registration of Pr.CHSA – from Stage1 to Stage 6.

Environmental Management Services (EMS)

Environmental Management and Monitoring

We develop and maintain ISO14001:2015 Environmental Management Systems to help you manage and mitigate environmental impacts. Our tailor-made solutions ensure compliance with the National Environmental Management Act and promote sustainable workplaces.

Environmental Impact and Aspect Registers

Our Environmental Impact and Aspect Registers help you understand the effects of your workplace activities on the natural environment. We assist in identifying, mitigating, and eliminating harmful environmental impacts to protect our shared ecosystem.

Carbon Footprint Assessment (CFA)

Afroteq OHSE provides Carbon Footprint Assessments to help organisations identify emission sources and explore cleaner energy options. Our services ensure compliance with relevant legislation and support your sustainability goals.

Rehabilitation Surveys and Notices

Our Rehabilitation Surveys and Notices assess the natural ecosystem surrounding your workplace, offering recommendations to restore and preserve the environment for future generations.

Tree Identification and Horticultural Surveys

We offer Tree Identification and Horticultural Surveys to help you manage the flora on your premises. Whether you need to prune protected trees or identify indigenous plants, our surveys support your conservation efforts.
